Information from Surveys

Teachers

- Discipline system needs to used more uniformly across campus

Students

- Students feel recognized when they do good work (81%)

Assessments utilized on Elementary Campus: STAAR, MClass, Reading A-Z, TELPAS,ESGI, Reflex, PreK Circle, Fitness Gram, Local Assessments, MAP, Read Naturally Benchmarks

TEA Four Strategic Priorities will be the basis for Activities/Strategies based on Identified Needs;

- ✓ **Recruit, support, and retain teachers and principals**
- ✓ **Build a foundation of Reading and Math**
- ✓ **Connect high school to career and college**
- ✓ **Improve low performing schools (Not applicable to Santo)**

Identified Needs

#1 Intervention processes to ensure individual students' educational needs are met in a timely manner—particularly the needs of low-achieving children and those at risk of not meeting the state standards

#2 Increase the level to which technology is integrated into instruction and available to students

#3 Maintain a high quality staff and ensure teachers have the opportunity to collaborate and participate in high quality professional development

#4 Implement evidence based instructional programs for all subjects including character education

#5 Increase opportunities for parent, family and community engagement

General Education Provisions Act (GEPA) Section 427

Statement of Compliance

Santo ISD will utilize SRSA funding to support its Title I, Part A Schoolwide Program at the Elementary campus to improve student achievement in Reading and Math. The campus's Title I, Part A program ensures equitable access to and participation in its educational programs for students, teachers, and other program beneficiaries with special needs and does not discriminate in any programs or activities on the basis of gender, race, national origin, color, disability, or age. The district uses a variety of funding and social services resources to arrange for assistive technology devices to translate/make accessible grant and program materials for participants requiring such accommodations. The district has also coordinated and offered cultural sensitivity, ADA, and related training for program staff, as appropriate

**Funding Amounts not available as of 8/1/21

Santo Elementary School has adopted the following administrative **State Compensatory Education** policies and procedures:

- 1) Students shall be identified for State Compensatory Education (SCE) services as meeting one or more of the at-risk criteria as defined in TEC Section 29.081 annually when that information is accumulated for the Public Education Information Management System (PEIMS).
- 2) Santo Elementary School does not use local criteria to identify students in at-risk situations.
- 3) Students meeting one or more of at-risk criteria as defined in TEC Section 29.081 will be considered for placement in one or more of the programs and/or services currently being implemented with funds under the State Compensatory Education (SCE) program. Students most in need based on their performance on the various assessment instruments administered by the district, number of years retained, etc., and upon their teacher's recommendation will be entered into a program or service that best addresses their individual needs.
- 4) Students who demonstrate sustained success in mastering the success criteria defined in the summative evaluation for the SCE program and/or service to which they have been assigned may be exited from the program and/or service upon the recommendation of their teacher(s), counselor or other at-risk coordinating personnel.
- 5) Students who perform at a level of 110 percent of the satisfactory performance on the assessment instrument administered to the student under Subchapter B, Chapter 39 of the TEC shall no longer be considered at risk inasmuch as satisfactory performance of the instrument is concerned. This determination shall be made annually upon the receipt of the student's performance on said instrument.
- 6) The district has established staffing ratios and financial allocation standards for basic education programs to ensure that all SCE-funded activities are supplemental. Santo Elementary School uses all SCE funds to supplement services beyond those offered through the regular education program, less 15 percent indirect costs and the 18 percent allowable to provide base services at the DAEP.
- 7) This campus uses its SCE allotment to support its Title I, Part A schoolwide program in order to upgrade the entire educational program of Santo Elementary School. The campus has a low-income student population of 50.88 percent as reported on the 2013-2014 Consolidated Application for Federal Funding.
